This hotel is located in the heart of downtown Austin; High-end lobby, ballroom and restaurant construction The Marriott Courtyard & Residence Inn project was a much need hotel needed in Austin just across from the Austin Convention Center. The 270 room 11 floor structure is a perfect place to have meetings in its 6,600 sqft of meeting space. Also, having Champ's Restaurant on the ground floor makes for a great place to hold gatherings. The many facets of construction and the quality workmanship makes this facility one of Austin's most popular hotel for people

attending conventions.
