PROFESSIONAL PARTNERSHIPS

Collaboration breeds innovation, which is why we partner with reputable companies who deliver products and services that consistently meet the MAREK standard. Through these relationships, MAREK is able to deliver an even higher degree of excellence to the clients we serve.

MechoSystems Inc.

Our strategic relationship with MechoSystems has allowed MAREK to become a leader in providing and installing window shading systems.

MechoSystems is in the forefront of energy efficient solar shading design. It is this reason why you find MechoSystems in many "Green" projects, including those that have achieved LEED™ certification.

MAREK's window shade department uses MechoSystems products to provide commercial shades & daylight control.

- Novaspan Stretched Fabric Panel Ceiling System

Armstrong World Industries Inc.

MAREK uses Armstrong products to provide sustainable commercial ceilings, walls and flooring to our customers. As an Armstrong Certified Contractor, MAREK is recognized as a qualified contractor who emphasized quality in its workmanship, integrity in its business practices and who is able to provide its customers with the excellence they expect.

We're also an Armstrong Certified Recycler. Adopting their cradle-to-cradle process is a natural extension of our use of recycled materials and environmentally compatible manufacturing processes that reduces our environmental footprint.

Newmat USA Ltd.

MAREK is an exclusive installer and distributor of Newmat products in Texas, Louisiana and Oklahoma. MAREK uses these products to provide commercial fabric panels & stretch systems.

MEMCO (MAREK Employment Management Company)

MAREK Employment Management Company (MEMCO) is a customer-oriented staffing and payroll firm dedicated to providing high quality services to employers. Services range from providing temporary workers to meet specific job needs to long-term employee management strategies such as temp-to-perm and payrolling. MEMCO performs all employee- and payroll-related duties, thereby allowing client companies to focus on their operations and escape employment hassles, legal obligations and reporting requirements.
