

ENERGY SQUARE

PROJECT OVERVIEW

Marek Location: Dallas

Project Location: Dallas

Project Sector: Office Building/Headquarters

Services: Metal Framing & Gypsum Assemblies
Ceilings & Acoustical Solutions
Fabric Panels & Stretch Systems

Architect: Gensler

General Contractor: Whiting-Turner

This project is a \$50 million renovation of the public areas on the ground level and plaza levels of three office towers in a five-building complex in Energy Square. Added are a 10,000 square foot fitness area, conference rooms, lounge areas, and delis. Renovations were also made to the lobbies and corridors of each building on both levels. A pedestrian park is outside, as well as drive through access to the building entries. There are high-end ceiling finishes and fabric panels

The key people working on this project included Foreman Jose Olvera, Superintendent Tommy Weeks, and Project Manager Steve Hale
