MAREK

Volume XXXI

Number 47

November

The Marek Family of Companies wants to take this opportunity to give thanks to the most important part of our business – YOU. We hope that you and your family have had a safe and healthy year. We hope you can spend these holidays with family and be able to give thanks for what you have.

All of us at Marek can be thankful for another year. We want to take this opportunity to remind you that safety is not just at work, but everywhere. During this time of the year, auto accidents and fatalities increase with holiday travel. The potential for fires increase with the use of heaters and fireworks. Robberies and thefts increase with the Christmas shopping.

It's very easy for all of us to get caught up in the bad things that can happen, but now is a good time to focus on the positive. We can all be thankful that just by being here today means we still have a good job and are able to continue supporting our families during this time of the year.

REMEMBER!! Family is our motivation to work safe and as part of our family here at Marek, we want you to enjoy the holidays with your loved ones.
